CLOSING DAY OF INSTITUTE

Teachers Return to Work Inspired With Success of Meeting

Friday, the last day of the teachers' institute, was but a continuation of the success that marked the entire session.

The subject of "Nature Study" was discussed with profit, Supt. Hyatt, of Riverside, taking a leading part. He presented his ideas in a very comprehensive manner, illustrating the work with mineral specimens and bringing out plainly the valuable points required in the teacher's work.

The subject of geography was taken up again by Mr. Bunker, and it appears to be an inexhaustible topic with that gentleman—ever interesting and always new. The Mohammed religion, its scope, influence and territory, was the special phase of illustration discussed by the gentleman, and his talk was as valuable to the teochers as those preceding.

Mrs. Sweesy's final illustration of the subject of music served to arouse any interest that displayed a tendency to lag, if any such there was. Her farewell to the teachers was most cordial and still further endeared her to her audienee.

The committee on resolutions presented the following, which were adopted as read:

RESOLVED, That our Superintendent be credited for his earnest efforts to supply every school with suitable teachers and aiding teachers in securing positions, and in successfully carrying out their work.

RESOLVED, That a protest be forthcoming from all the teachers of the county against the miserable binding on the state text books. The geographies and arithmetics especially are bound in the cheapest form possible, whereas the prices are high enough to warrant a strong, excellent binding such as would last for years.

RESOLVED, That this has been one of the most successful institutes, due to several causes; the exhibition to broaden our ideas; the work of the tireless superintendent; the efforts of the Ukiah teachers for our entertainment and comfort; the excellent men and women who instructed us; the people of Ukiah who entertained us and made us feel so much at home; the band and orchestra and the Glee Club and Gladys Meyers, all of which made music for us, and the teachers who were enthusiastic and were eager to drink in spirit and life and knowledge for the betterment of childlife in this world.

RESOLVED, That we especially give thanks to Senator Stanford and to Assemblyman Held for their heroic efforts in behalf of the schools and teachers of Mendocino county.

RESOLVED, That the Superintendent of Schools recommend to all boards of trustees of the several districts to maintain schools for at least eight and one-half months a year, and that he also recommend a salary to be paid the teachers as shall fit the apportionment of the district.

RESOLVED, That the Superintendent of Schools discourage the forming of new districts within, or, out of other districts when such formation will injure the attendance and lower the funds of another district.

RESOLVED, That the Superintendent of Schools encourage the attendance of county teachers at the State Institute and help make it the central head of education in the State of California.

RESOLVED, That the Superintendent of Schools make out a list of all districts that could conveniently unite in forming Union Districts and mail such lists to the boards of trustees and school trustees of each districts, and

RESOLVED, That when all such teachers shall receive such lists that they use their utmost efforts in bringing about a uniting of such districts.

WHEREAS, In the death of W. H. Young the profession has lost one of its staunchest and most successful members, one of those pioneers to whom many of us look back with respect and affection, therefore be it resolved that we as an Institute express our sorrow at his untimely demise. That we extend our sympathy and condolence to his family and that a copy of these resolutions be sent to the bereaved family.

RESOLVED, That Supt. Barbee's opening address be published in the county papers.

The institute then adjourned its session and the teachers, judging from the individual expressions, were unanimous in the opinion that it was the most beneficial and instructive of any they ever attended. All those from the outside, who were familiar with institutes as conducted in other counties, were the loudest in the praises of the session. Superintendent Barbee received flattering congratulations from all sides for the success and he in turn, of course, felt exceedingly happy that his efforts had brought about such splendid results.

Epworth League Conference

The District League Conference of the San Francisco district of the M. E. Church, south, has been holding its annual session at the M. E. Church, south, of this city, commencing Wednesday evening and extending thru Thursday and Friday. Delegates were here from Hollister, San Jose, San Francisco, Oakland, Santa Rosa, Berkeley, Cloverdale, Lakeport, Upper Lake and a number of other places in the district.

The conference opened Wednesday evening with a reception to visiting delegates by the Ukiah league. Special music was rendered by a quartette of the local church, the Ukiah Ladies' Quartette and by Dr. Robert Thomas and a piano solo by Miss Vie Brown. Addresses of welcome were made by L. K. Van Allen on behalf of St. John's M. E. Church, Elbert Holland for the Christian Church, Rev. Houston for the Baptist Church and Earle Snell for the M.E.Church, south, the represenative of the Presbyterian Church being unavoidably absent. Mr. W. T. Belvel of San Francisco, the president of the district league made a fitting response to these words of welcome then an adjournment was taken to the parlors of the church where refreshments were served and a very pleasant social time was had.

On Thursday morning the business session opened and developed the fact that the league is growing both in members and in influence. A number of splendid addresses were delivered by prominent men in the church, all showing that they recognized the power and usefulness of this branch of church work.

Among others present we noted Dr. Joseph Emory of Lakeport, one of the pioneer preachers of the church, Rev. O. L. Russell of Cloverdale, Rev. L. S. Jones of San Jose, Rev. R. E. Nunn of San Francisco, Rev. J. A. Batchelor presiding elder of the district, J. F. McMinn of San Rosa, Rev. Harrison of Upper Lake, Dr W. E. Janke of San Francisco and Rev. A. M. Shaw of Oakland. The delegates are a fine body of young people and were well impressed with our town and its hospitality.

Violated Game Law

John Day, who is well known as the proprietor of the resort bearing his name, astonished Game Warden Ornbaun a few days ago by approaching him and offering to plead guilty to killing deer out of season. As soon as Billy got his breath he expressed a desire to accommodate Mr. Day, and together they journeyed to Calpella where, in Justice Strong's court, Mr. Day was fined $25, which he promptly paid.

It is said Mr. Day had supplied his boarders with venison on a certain occasion lately and that the game wardens had caused him such uneasiness of conscience that he concluded he would have it over with at once.

LOCAL NEWS EPITOMIZED

Comings, Goings and Doings of Mendocino's Gay Metropolis.

A license was granted last week to Mathias Angstt, of Ukiah, to marry Mary Gibney, of Caspar.

Robert Redwine brot down John Munsell, an Indian, from Covelo Saturday. Judge Cummins had handed Munsell a fifty-day sentence for indecently exposing his person.

The well-boring rig of the California Northwestern Railway Co., which has been standing in the local yards for several months, was taken to Napa Monday, where a well is to be drilled to supply water for the engines on that division.

The cement sidewalk being built on State street is now complete from C. P. Smith's residence to John Brown's. It will be finished to Orr creek by Saturday night. Preparations are being made to build from Mr. Smith's on to the business part of town.

Mrs. N. Cosgrove spent a few days visiting at Healdsburg last week. While there she assisted in the program at an entertainment given by the benevolent society, and her vocal numbers were highly spoken of by the papers in their report of the entertainment.

Hon. E. M. LeBarron, of Sonoma county, was in Ukiah during the week. He had business here at the court house. The gentleman is deeply interested in the contested boundary line between Lake, Mendocino and Trinity counties, and is desirous of ascertaining which of these counties is entitled to taxes upon some property he owns, and which he has supposed was in Mendocino.

The Columbia Park Boys' club is expected to favor Ukiah with a visit during the summer. It will be remembered that two years ago this unique club, or a portion of it, was in Ukiah on its tramp to Eureka and stopped here long enough to give an entertainment. This year Eureka is to be visited by a delegation of the boys and it is more than likely Ukiah will be on the route again.

Young Bride Deserted

A few weeks ago Sylvester Carey and Miss Georgia Carmichael, of Fort Bragg, were married here after a somewhat romantic courtship, leaving, it is said, another young man mourning for a bride that was to have been his. Now it is the bride's turn to mourn some, for according to the Advocate the husband of a few weeks has gone and the weeping bride knows not of his whereabouts. Furthermore the paper contains a notice from Carey repudiating any debts the young wife might have to contract to support her. To bring a dime-novel ending to the chapter it would now seem up to the first young man to come to the rescue of the fickle young lady in her plight. All connected with the case are well-known young people of the coast metropolis.

Horton Gets Two Firsts

Harry Horton was Mendocino's bright athletic star at the final tryout of the Pacific Athletic Associations last Saturday at Berkeley. The meet was held in order to select a team that is to represent California in the athletic contests at the Lewis and Clark exposition at Portland this summer. Horton won two firsts, the 120 and the 220 hurdles. He will therefore be doubly sure of being one of California's athletic defenders, and we have no doubt but that he will acquit himself creditably.

GONG CONVICTED OF GRAVE CHARGE

And Sentenced to Pay a Fine of $250 or Serve 125 Days

Laundryman Gong, who was arrested last week for selling liquor to Indians, as stated exclusively in THE DISPATCH, was tried Wednesday in Justice Crockett's court before twelve of his Caucasian peers and found guilty of the charge.

Gong tried to sidestep conviction by claiming he had purchased the intoxicant for the personal use of himself and his immediate friends of his own nationality, and that if Indians obtained any of it it was from some one else about the premises unauthorized to handle it. This sounded very good, but Officers Ornbaun and Lynch told a story that differed somewhat as to minor details. The officers were hid behind the fence, and Mr. Lynch testified he saw Gong pass the bottle out to the Indian. Ornbaun did not see the act, but he succeeded in confiscating the liquor, which was classed as exhibit "A."

Four Indians were examined on the witness stand, but their testimony was as valueless as usual in such cases. They claimed they got the liquor from a Chinaman all right, but that the illumination in the rear of Gong's washing emporium was so dim that they really could not distinguish the identity of the person they were negotiating with.

Sentence was deferred until Thursday, when Judge Crockett imposed a fine of $250, or a term in the county jail at the rate of one day for each two dollars of the fine. A stay of execution for ten days was granted.

A Bird of a Game

Ukiah Aerie of Eagles have challenged the Santa Rosa Aerie to a game of baseball. Now, that is enough to cause comment, but what is worse the challenge has been duly accepted amidst great enthusiasm, and it is up to Ukiah Aerie to either play ball or back down.

Joe Grace, who is well known here, has been assigned the task of organizing a team with which to back up Santa Rosa's reputation as a baseball center. Teddy Craig has been selected by the Ukiah Eagles to see that our team makes the Santa Rosa boys look like a lot of baseball amateurs. Teddy says it's a shame to do it, too. But to tell the truth, Teddy doesn't care. He has led two teams to a glorious defeat since the baseball season opened and in casting about for a chance to redeem his lost baseball prestige he thinks the Santa Rosa Eagles offer about the easiest game he can see. Some of the boys think he has barked up the wrong tree again.

It is expected that the Santa Rosa boys will come here to play—Teddy's scheme, too—and that the game will take place about the first Sunday in June.

Teddy Craig, Ed Sanford and Freeman Parker compose the committee in charge. They have arranged a game for next Sunday at 2:30 o'clock between the Eagles' club and a team composed of the clerks.

Duncan Scores First

Dis[illegible] attorney Duncan has score[illegible] the suit brot by Trinity [illegible] the superior court of Tel[illegible]unty to establish the bo[illegible]etween Mendocino and Tr[illegible]unties according to the F[illegible] survey of 1870. The ca[illegible] up in the court at Red [illegible]day last week, and Mr. Duncan entered a demurrer. He has now been informed that his demurrer has been sustained and the plaintiff given twenty days to file an amended complaint, if they care to do so.

Mr. Duncan states that the Trinity attorney is endeavoring to ignore the fact that the Rice survey exists or that any disputed boundary except the Fauntleroy boundary exists. The two boundaries make a difference of 80 square miles of territory.

It is learned that Trinity is not going to abandon the suit to secure a piece off the northern end of this county. The supervisors have directed District Attorney Given to file a new complaint.

Married Wednesday

Charley Fred Blakely and Minnie Eva Decrow, both of Willits, were married at the Episcopal church on Wednesday by Rev. F. W. Cook. The license for the marriage was the first one granted under the new law, and Chief Clerk Ganter was visibly nervous while making out the license. He thinks he will like the new method all right when he gets used to it. But Clerk McCowen is of the opinion that the new law does not contemplate any but the clerk issuing the license, and is looking up opinions to satisfy himself on the point. Miss Decrow is but seventeen and a written permission from her parents was presented.

The Big Tunnel

Surveyor Donohoe came down from the big Eel river tunnel Monday morning. He states that on the north side the workmen have got 300 feet into the hill, while on the south side the hole is 200 feet deep. The formation on the north side is solid rock while on this side it is a loose shale, necessitating timbering and consequently the progress is slower. The rock crusher, engines, launches, and other machinery for building the dam are now about all in place and the actual work on it will soon begin.

Attending Sheriffs Meeting

Sheriff J. H. Smith left Sunday to attend the annual meeting of the State Association of Sheriffs, which convened at San Diego Tuesday evening and will hold sessions during the remainder of the week. Mrs. Smith accompanied her husband on the trip. Mr. Smith had almost decided to not attend the meeting this year, until Sheriff Grace came up from Sonoma Saturday and in talking over the proposed meeting together they both agreed they could not miss it.

Dr. Elster Resigned

Dr. Elster, who had been connected with the State hospital since the opening of that institution in 1893, tendered his resignation to the board of managers last Saturday, to take effect June 1st. The resignation was accepted and a leave of absence granted for one month. Dr. Cushman, who has been head druggist at the asylum some time, was promoted to the position of assistant physician. It is understood that Dr. Elster will return to Oakland, where his family is living, and resume his practice.

Caspar Hotel Burned

Last Friday the school house and a hotel at Caspar were destroyed by fire. The hotel and contents were a total loss. The school house had almost outlived its usefulness, however, and its loss will not be deeply regretted. Loss estimated at $4000; insurance not known. The fire is thot to have originated from a defective flue.

SERVICES HELD BY THE EAGLES

Large Audience Attends Exercises and Listen to Theodore Bell

The Eagles' memorial services held at Marks' opera house last Sunday afternoon by Ukiah Aerie, No. 319, were interesting and impressive, and were attended by a large number of members and friends of the order. The entire program was very interesting, and the music by Simpson's orchestra and the vocal selections by the quartet were highly enjoyed. The quartet was composed of Mrs. J. B. Sanford, Miss Louella Williams, J. R. Thomas and Dr. Robert Thomas.

Worthy President Thos. A. Lucas made a few appropriate opening remarks, and Chaplain Gregory offered prayer. Past Worthy President W. H. Ives made an interesting address on "Our Duty" that was greatly appreciated. The roll was called by Worthy Secretary Louis Hofman.

Senator J. B. Sanford, in a brief but eloquent speech, introduced Hon. Theodore A. Bell, who delivered the memorial address. Mr. Bell was in good voice and happy mood, and his effort well befitted the occasion. He spoke eloquently and feelingly on the general duties of the great brotherhood of mankind, the pursuit of happiness and the duties and opportunities of the Fraternal Order of Eagles, as well as the great good that is being done by the popular order in various ways. Mr. Bell held the close attention of his audience until the close. The eloquent speaker's reputation is safely made in Ukiah, and the opportunity to hear him in an address that was void of politics was gladly accepted by a large number of our people. Certainly none was disappointed.

After the oration the quartet again rendered a pleasing selection, the audience joined in singing "Nearer My God to Thee," and the large audience dispersed, all pleased to have been there and each one feeling better for the day's experience.

Death of Mrs. Charlotte White

Mrs. Charlotte White died at the home of her son Frank, at Folsom, last Friday, and the remains were brot to Ukiah for interment Sunday. The funeral took place from J. H. Smith's residence Sunday afternoon.

Charlotte Samuels was born in Alabama, August 24, 1841. She removed to Little Rock, Ark., with her parents when a child. Marrying young, she and her husband left overland for California at the outbreak of the Civil war. They were eight months on the road and during the trip three of her sisters and one brother and her first child, a boy three years old, died. They lived at Los Angeles a short time, then in Napa county until 1869, when they removed to Mendocino county. For ten years Mrs. White lived in Potter valley and then removed to Ukiah to give her children the benefits of the schools, where she lived sixteen years. She then lived at Mendocino while her daughters taught in the public schools there. In 1893 she removed to Santa Rosa, where she lived until a year ago, since when, owing to failing health, she had lived with her children.

She leaves four children, Frank, who is a guard at Folsom, Mrs. C. Gibbs of Santa Barbara, Mrs. W. Hall of Miller, and Miss Olive. The relatives have the deep sympathy of many friends in their bereavement.

C. L. Dearborn, the Melburnian postmaster, was in Ukiah Wednesday on his way to Redwood City on a combined business and pleasure trip.

SAVED BY DYNAMITE.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you begin to feel as if nothing else but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for Consumption, Coughs and Colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and la grippe. At J. R. Mathews' Pharmacy, price 50¢ and $1.00; guaranteed. Trial bottles free.

HOPLAND CORRESPONDENCE

HOPLAND, May 9th.—Jake Gilger, our former butcher, now in business in San Francisco, was shaking hands with friends here last Monday.

Chris Loretz is at present paying an extended visit to friends in Oakland.

Mrs. Eugene Parr left last Sunday for her home in Visalia.

Jim Myers, H. P. Buckman and Raymond Hill are attending the races at Petaluma this week.

Mr. Geo. Purdue and son Fred, of New Jersey, have been visiting at the home of Chas. Terry the past month. Mr. Purdue Sr. has traveled pretty much all over our glorious State and is very favorably impressed with Mendocino county and Hopland in particular. They leave today for Santa Rosa for a visit of a few weeks and from there they will proceed leisurely homeward, but think of making their home near Hopland in the near future. We asked Mr. Purdue if he expected to follow his former business (that of florist) out on this coast, but he said, "no, there is noahing in it here; why your whole State is a flower garden."

Mr. Chas. Terry, local manager for the American Hop & Barley Co., arrived in Hopland from San Francisco Monday last.

Our local knights of the bat and ball went to Boonville last Sunday and came out victorious in the game at that place. Score 4 to 0. Judging from the good things that our boys say of the Boonvillians they are a fine set of fellows. We have heard nothing but praise of their hospitality since the fans returned and should the citizens of Boonburg come to Hoptown they can be assured of a royal time. Mayor Fosgett says they can have the freedom of the town and that he stands ready to deliver the keys of the city to the first one that drives around bend.

NORTHERN MENDOCINO

COVELO, May 6.—William Hurt, the only son of James Hurt, of this place, was drowned at Horseshoe bend, Trinity county, last Tuesday. He left here to visit his uncle, A. J. Hurt, and had just arrived there on the day of the accident. He decided to go swimming in Eel river, altho the others of the party protested against it. When nearly across the swift current caught him and carried him down the stream some distance where he sank in deep water. No assistance could be rendered by the spectators and as yet his body has not been recovered. He was nearly 23 years of age and was a strong, athletic young fellow of good habits and well liked. His relatives have the sympathy of the community in their bereavement.

The remains of the eleven soldiers buried at the old Camp Wright cemetery were exhumed Saturday by H. J. Nash, who was awarded the contract by the army quartermaster, L. M. Nichols, who was here to superintend the matter. The remains were taken to Willits Wednesday and shipped by rail to the Presidio.

S. E. Fisk, a former resident of Covelo, died in San Francisco on the 25th ult.

The school census, just finished by Will Van Dyke, shows that this district has 185 children of school age and 79 under five years of age. This is 22 more than last year.

A fire at Squire's saloon burned quite a hole around the flue Monday morning before it was put out. The damage was small.

Six settlers from Laytonville and Cummings proved up on their claims before Commissioner Goldberg last Saturday.

M. E. Nicholson has been appointed road overseer in the section formerly controlled by Chas. Hurt, who has resigned the position.

A son was born to Mr. and Mrs. A. Brown on the 2nd.

E. R. Potter, of Williams valley, has ginseng plants that are making a good showing. They were planted last year, and he expects to put out more if his experiment proves successful.

COVELO, May 7.—The committee appointed by the Covelo Chamber of Commerce to inspect the outlet and creeks of Round valley and submit a plan for draining the same, will recommend the raising of $1000 by private subscription and apply it towards straightening the creeks and cleaning the debris from their channels during the coming summer. This will practically reclaim about 10,000 acres of as fine land as there is in the State. The Chamber of Commerce is also making a strenuous effort to interest outside capitalists in a local creamery.

George H. Robbins, who was one of the pioneers of this section, died from the effects of injuries he received by being dragged by a horse Saturday. Mr. Robbins had a claim in the hills 20 miles east of here and was riding a spirited young horse last Friday morning rounding up some stock. One of the stirrups broke and he was thrown to the ground and the saddle rope was wound around his wrist so the horse dragged him quite a distance before it stopped. He died early the next morning. Mr. Robbins was 69 years of age and had no family.

Covelo will celebrate the Fourth in the good old fashioned way. There will be several days of horse racing following.

Peter O'Ferrall, one of the pioneers of Covelo, is dangerously ill and not expected to live. He is 76 years of age.

May showers are a frequent occurrence and the crop prospects were never better. An abundance of feed and hay makes the stockmen smile all over their faces.

The body of Willie Hurt, who was drowned in Eel river two weeks ago, came to the surface last Saturday and was brot to Covelo for interment.

A party of hunters killed a bear near the headwaters of Elk creek last week.

Some of our citizens think they have struck a bonanza gold mine in the northeastern corner of the county. They have organized a company to develop it.

The railroad expects to put about 75 men at work at the coal mine this summer, so Dame Rumor informs us. CHEMESE.

NEWSY NOTES FROM WILLITS

WILLITS, May 9—Willits has finally decided to celebrate the Fourth of July this year in a fitting manner. An enthusiastic meeting was held Wednesday night with M. A. Singleton in the chair, and the necessary committees appointed as follows: Arrangements, Wm. Wigand, A. J. Muir, A. J. Fairbanks. Finance, J. J. Blodes, Chas. Whited, Geo. Willits. Decoration, G. A. Keller, Philip Exley, C. O. McWilliams. Athletics, Wm. Exley, Sam Blodes, H. F. Kenworthy. Ball, J. J. Keller, Frank Stradley, Henry Haehl, Sid LeRose, Pressley McPeak. The different committees have already settled down to work and the prospects are that Willits will have this year the most successful celebration in her history.

Henry Raymond recently missed a horse from his pasture and after searching everywhere has come to the conclusion that it has been stolen. He offers $20 reward for its recovery.

Born—In Willits, May 7, to wife of A. Pennington a son. Father doing well.

Lieut. Lochwitzsky lectured here Thursday evening under the auspices of the Women's Improvement Club and was greeted with a good-sized audience. His lecture was a very entertaining one.

A cold storage and refrigerating department is to be added to Muir & Co.'s meat market and the machinery has arrived and will be installed at once.

Bud Hamilton, who recently returned from Mexico, was in town during the week.

Superintendent Hunter, of the California Northwestern railroad, was here a few days this week.

President Foster and a party of friends came up in the private car Saturday evening.

Attorney Craig was in San Francisco several days last week to attend the funeral of a brother.

Frank Webster, the piano agent who broke his leg here some weeks ago, left Monday for Ukiah.

POINT ARENA AND VICINITY

POINT ARENA, May 7.—The stockholders of the new bank met last Saturday and elected the following directors: E. B. Salsig, C. J. Buchanan, C. Queen, A. Stornetta, J. C. Halliday, W. E. Foster and William Hanen. The directors elected J. C. Halliday president, C. B. Salsig vice-president, Wm. Hanen secretary and W. E. Foster treasurer. The articles of incorporation have been prepared and F. C. Drew was engaged to attend to having them recorded, securing charter, etc. It is expected the new bank will be ready for business shortly. It is in the hands of prudent business men who have made a success of their own affairs and they will no doubt conduct the bank in the same manner. The bank will prove a great convenience to our business men.

It is expected that our electric plant will be in operation by July 1st. The site was selected for the location of the plant during the week and W. S. Pullen is down from Mendocino for the purpose of erecting the building and putting in the machinery.

Dr. McCornack was down from Fort Bragg during the week making arrangements for the opening of the hot springs.

The Point Arena hotel is now under the management of William Ketchum, having been purchased by that gentleman, together with W. E. Foster and H. T. Christianson. It is being thoroly overhauled.

NORTH COAST NEWS BUDGET

FORT BRAGG, May 8.—Al Hoskins, who recently sold his barber shop after being in business here many years, is going to take a needed rest before going into business again and will stop at some of the springs for that purpose for a while.

Several vacant houses in town are for rent, and as this is the first time for years such has been the case it has caused some passing comment.

The early closing agreement, which has been tried one month, gave general satisfaction to the Fort Bragg merchants, and as a result they have renewed the agreement for six months. All except butcher and baker's shops will close at 6 o'clock, the latter at 6:30, except on Saturday night, pay day night and the evening and Sunday following. The movement meets with the endorsement of the majority of our business men. A penalty of $25 is forfeited by any violation of the agreement.

The Glen Blair mill had a new engine put in last week and the mill was shut down for that and other reasons.

Miss Nettie Arnold, a teacher in the Fort Bragg school for a number of years, has left for a visit in the east.

The number of cement walks being put down by property owners enhances the appearance of the town and are a boon to pedestrians.

The school census shows fewer school children than were on the roll last year.

Thomas Keelly, a painter who has been at Fort Bragg some time, fell to the floor unconscious a few days ago and death ensued some hours afterwards, altho a physician was summoned. An autopsy revealed that hemorrhage of the brain caused the death.

Mrs. Judith Johnson, nee McMurphy, died in Humboldt county recently. She formerly resided in Fort Bragg and Mendocino. A husband and three children were left to mourn her loss.

Tammany day is to be observed by the Fort Bragg Red Men on the 13th by a grand ball.

The first regular meeting of the recently organized chapter of Eastern Star was held last week and thirty-five new members were taken in.

A new two-story building has just been completed on Laurel street by Pete Hardell, and the upper story is occupied by W. T. Fitch, the photographer.

A GOOD SUGGESTION

Mr C. B Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by J. R. Mathews' Pharmacy.

THE RICHEST MAN IN THE WORLD

The richest man in the world can not have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." —Sold by E. B. Gibson.

A son was born May 1st to Mr. and Mrs. Wm. Cureton.

Charley Halliday is now at Byron hot springs for his rheumatism. He is improving.

R. H. Caughey has returned from Monterey, where he went as a delegate from our Native Sons parlor.

The school census marshal found 183 children in this district, of whom 138 are of school age.

The members of the Masonic lodge had a banquet Saturday night. It was tendered by Phil Lobree, who was raised to the third degree that evening.

MIDDLE COAST HAPPENINGS

MENDOCINO, May 8—Jacob Kukko, aged 35 years, was killed Thursday while making ties at Jarvis & Nichols' camp. He was working between the ends of two logs, where he had taken out a cut, when the top of the tree slid down against the butt. He was dead when the others in the camp reached him. He leaves a wife and three children at Fort Bragg. He was a member of the Kahlevala Brotherhood, and the funeral was under their auspices.

The first picnic of the season was held by the Presbyterian Sunday school Thursday.

The Sea Foam, the new vessel that has been promised for this place for so long, made her first arrival here Thursday, bringing up seventy passengers, half of whom were bound for Shelter Cove. She is the speediest vessel in the coasting trade, having made over fifteen knots on her trial trip. Captain Fred Miller, formerly of the Point Arena, is in command. Saturday night Mr. Miller gave a reception to a large number of our people and it was a very enjoyable occasion. The Sea Foam is an oil burner.

Jas. Heap has gone to Willits to take charge of the electric light plant.

The steamer Point Arena broke her main shaft on her last down trip. The Brooklyn has taken her place on this run.

The school teachers arrived home from the institute at Ukiah Saturday night, except Professor Smith and party, who remained until Sunday and got caught in the spring showers that day. As they were rained on most of the day Monday going over they did not let the incident dampen their ardor on their return—altho as much could not be said of the new millinery belonging to the ladies.

A Redmen's lodge is soon to be organized here, nearly 50 names now being on the application list.

Frank White, one of the best guards at Folsom, was in town this week, having brot the remains of his mother here for interment. The many friends of Mr. White deeply sympathize with him in the loss of his mother. After visiting here a few days he and Mrs. White returned to Folsom.

Miss Viva Skinner, of St. Louis, arrived in Ukiah Sunday evening on a visit to W. J. Hildreth and family. Miss Skinner is a cousin of Mrs. Hildreth and is the daughter of Charles Skinner, one of St. Louis' prominent business men. Miss Skinner is very favorably impressed with Ukiah and vicinity and will visit here for some two months or more.

Arch Bailey, the popular machinist at the Caspar mill, was in town last Friday on his way home from the metropolis. While below Mr. Bailey purchased an automobile, which he had supplied with a patent attachment that prevents its shying into fences, an undesirable trait possessed by the auto belonging to Foreman Jack Wilson, also of Caspar. Autos are becoming very popular at that place, Bailey's being at least the third one there.

DO NOT BE IMPOSED UPON

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by E. B. Gibson.

A Surprise Party

At his home Monday evening Ralph Duncan was very happily surprised by some twenty of his friends, the occasion being his seventeenth birthday. Due to the able assistance of Miss Roe the rooms wore gala attire, everywhere showing the true artist's touch, the decorations being chiefly roses and pansies. A heart formed of roses with date woven in of velvet pansies hung suspended above the table, where dainty refreshments were served. With music and games the evening passed all too quickly for those present, whose only regret at the close was that this occasion may be celebrated but once a year. Those favored few were not the only ones to offer Ralph sincere congratulations, for he has a host of friends to whom he has endeared himself thru his genial ways.

County W. C. T. U. Convention.

Several ladies prominent in State W. C. T. U. work are to take part in the annual county W. C. T. U. convention, which convenes in this city next Friday and continues the two following days. State president, Mrs. Sturtevant Peet, State corresponding secretary, Miss Annie E. Chase, and the editor of the Pacific Ensign, Clara O. Southard, will be here, and their presence alone insures a very interesting program. The discussion of the work of the young women under the title of "The Ministry of the Ys" by Miss Chase Saturday afternoon is especially interesting to the young ladies, and they are especially invited. Special music will also be a feature.

Order to Show Cause Why Order of Sale of Real Estate Should Not be Made

IN THE SUPERIOR COURT COUNTY OF Mendocino, State of California.

In the Matter of the Estate of Dennis Gallagher, Deceased.

John Taylor, Administrator of the Estate of Dennis Gallagher, Deceased, having filed his petition herein, duly verified, prays for an order to sell the whole of the real estate of said decedent, for the purposes therein set forth.

It is therefore ordered by the said Court, that all persons interested in the estate of said deceased appear before the said Superior Court on MONDAY, the 12th day of June, 1905, at 10 o'clock in the forenoon of said day, at the Courtroom of said Superior Court, in the Court House, in the Town of Ukiah City, County of Mendocino, to show cause why an order should not be granted to the said administrator to sell the whole of the real estate of the said deceased, at private sale; and that a copy of this order be published at least four successive weeks in the DISPATCH-DEMOCRAT, a newspaper printed and published in said County.

Dated May 8, 1905.

J. Q. WHITE,
Judge of the Superior Court.

J. C. RUDDOCK,
Attorney for Administrator.

Notice for Publication Of Time Appointed for Probate of Will

IN THE SUPERIOR COURT OF THE COUNTY of Mendocino, State of California

In the matter of the estate of Elizabeth M. Duncan, deceased, also sometimes known by the following names to wit: Mrs. E. M. Duncan, Elizabeth H. Duncan and Mrs. E. H. Duncan.

Notice is hereby given, that MONDAY, the 22nd day of May, 1905, at the hour of ten o'clock A. M. of that day, and the Court Room of said Court, at the Court House, in the County of Mendocino, State of California, have been appointed as the time and place for proving the will of said Elizabeth M. Duncan, deceased, and for hearing the application of Samuel Duncan and Robert Duncan for the issuance to them of Letters Testamentary thereon. And all persons interested in said estate are hereby notified to then and there appear and show cause, if any they have why said will should not be admitted to probate, and Letters Testamentary thereon issued to said petitioners.

HALE McCOWEN,
County Clerk.

Ordinance No. 143.

Ordinance Establishing a Public Pound District to Be Known as Garcia Pound District.

The Board of Supervisors of the County of Mendocino, State of California, do ordain as follows:

Section 1. There is hereby established a Public Pound in the County of Mendocino, State of California, within the boundaries herein described as the limits within which horses, mules, cattle, swine, sheep and goats shall not run at large.

Sec. 2. It shall be and is hereby made unlawful for any horse, mule, cattle, swine, sheep or goat to run at large within the territory of said Mendocino County embraced within the following described boundaries, to wit, all that part of the County Road extending from the hog pen of the Point Arena Creamery Company near Point Arena to the north bank of the Garcia River in the Fifth Supervisor District of said County.

Sec. 3. The office of Pound Master of said District is hereby created to be filled by appointment of this Board and the incumbent thereof shall hold office at the pleasure of the Board and until his successor is appointed and qualified. Said Pound Master before assuming the duties of his office shall take the usual oath of office and shall execute to the State of California a bond in the penal sum of One Thousand Dollars conditioned for the faithful performance of his duties as Pound Master, with sufficient sureties, to be approved by the Superior Judge of said County.

Sec. 4. An animal is running at large within the meaning of this ordinance whenever it is found upon the public highway in the limits of said Pound District unless the animal is at the time being led, driven, ridden, tied, herded, watched or cared for by some person in charge thereof.

Sec. 5. The rights, duties, powers and fees of said Pound Master shall be the same as those prescribed in Sections 5, 6, 7 and 8 of Ordinance numbered 141 of the County of Mendocino, passed by this Board on the seventh day of February, 190., and which sections are hereby referred to and made a part hereof as fully as if set out herein.

Sec 6. This ordinance shall go into effect and be in force from and after the 31st day of May, 1905, and prior to said date the same shall be published one week in THE DISPATCH-DEMOCRAT, a newspaper published in said County. Until the further order of this Board Samuel L. Horton is hereby appointed Pound Master of said District.

This ordinance was passed by the Board of Supervisors of the County of Mendocino, this 4th day of May, A. D. 1905.

The vote on the passage of said ordinance was as follows:

Ayes: Unanimous.

JOHN C. LANE,
Chairman of the Board of Supervisors.

Attest:
[SEAL] HALE McCOWEN,
County Clerk and ex-officio Clerk of the Board of Supervisors.
By C. E. GANTER, Deputy Clerk.

A law which goes into effect on May 17 requires that upon the issuing of a marriage license to a couple both of them must come to the County Clerk's office and sign the affidavit in the presence of the County Clerk, or one of his deputies. It is predicted that there will likely be many efforts on the part of both the man and the girl of his choice when the time for the license comes, to see which of them will be the least agitated when the pen is taken in hand to sign the affidavit. The new law also does away with affidavits being taken before a justice of the peace or notary public. The parties will have to show up in person.

Rudolph Spreckels of San Francisco and M. Rollins of Boston, who are at the head of the Santa Rosa and Petaluma Electric Railroad Co., were in Healdsburg Sunday. It is claimed that the electric road is to be extended on to Healdsburg this summer by way of Forestville and Sebastopol. The electric road officials have surveyed the proposed route from Forestville north, up thru Dry creek valley to Healdsburg. The visitors went over the country as far north as Cloverdale.

Another electric railroad is projected to tap Lake county resorts and springs, with lines running to Napa and Santa Rosa. Wallace McDowell, a New York promoter, who is also largely interested in Tonopah gold district, is backing the project, together with a number of San Francisco capitalists. The road may be built from Lakeport to connect with the Vallejo, Benicia and Napa railroad at Napa. This railroad begins business May 15, and connects with the steamers from Vallejo to San Francisco.

The Fort Bragg railway is now carrying passengers between Fort Bragg and Alpine and Barnard's stages connect at Alpine for Sherwood. Passengers can now go thru from the coast to San Francisco in one day, leaving Fort Bragg at 5:30 a. m. and arriving in the city at 6:30.

WHY SUFFER FROM RHEUMATISM

Why suffer from rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief becomes permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes! "I am a great sufferer from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by J. R. Mathews' Pharmacy.

State Normal Summer School

In conection with the summer session of the San Jose State Normal school, a summer school for children will be open. The school will be held in the training school building and will be in session from 8:00 a. m. until 12:10 p. m. from June 27 to August 4. Instruction will be given in the following subjects: Manual training, arithmetic, language, reading, spelling, nature study, music, geography, history, elementary science, penmanship, sewing, and drawing.

Subjects for study may be selected from the above. Children who wish to make up work in which they are deficient will have opportunity to do so. Children who wish to advance rapidly along certain lines will be given a chance to push ahead. Children who are specially interested in favorite subjects and wish to pursue them will be given the privilege. The teaching will be done partially by and altogether under the supervision of the normal school faculty.

An entrance fee of $2.50 will be charged. This is the only fee and covers expense of all materials except text books and note-books. Those desiring to register should give their names to Dr. Margaret E. Schallenberger, principal of the normal training school.

IMPORTANT CONSOLIDATION

Two of San Francisco's Largest Financial Institutions Unite Their Forces—The Renters Loan & Trust Company and the Standard Loan & Trust Company Consolidate.

Concurrent with the consolidation of the Nevada Bank and Wells Fargo's, the absorption of the London and San Francisco Bank by the Bank of California and the consolidation of several other financial companies, comes the news that two important financial and savings institutions have united their energies as well as their business and capital. The Renters' Loan and Trust Company and the Standard Loan and Trust Company, two of the strongest companies on the coast, doing an installment loan business, have concluded to unite their forces. The business will be conducted under the title of the Renters' Loan and Trust Company of San Francisco. The consolidation will make the new company the strongest of its kind in California.

The present offices of the Renters' will be inadequate for the consolidated business. The spacious quarters now occupied by the Security Savings Bank at No. 222 Montgomery street, San Francisco, have been secured and will be occupied by the company on or about June 1st next.

The Renters' previous to the consolidation had been the instrument whereby over 5000 homes had been built in California during the past fifteen years.

The Standard, while a much younger institution, has built up a business of very large proportions. By means of the amalgamation of the two companies, the continuing company will have a working capital of about $2,000,000.

During the history of the two companies not a murmur of discord has been heard, either in the columns of the press or otherwise, regarding the management or the treatment the patrons and depositors have received.

The directorate of the consolidated companies, which is as strong as that of any financial institution in the West, is as follows: George M. Perine, one of San Francisco's most respected capitalists; Capt. W. H. Marston, one of Berkeley's best known capitalists, a director in the First National Bank of Berkeley and in the Seaboard Bank of San Francisco. He is also vice president of the San Francisco Chamber of Commerce. Samuel Sussman, senior member of the firm of Sussman, Wormser & Company, one of the largest wholesale grocery firms on the Pacific Coast. Louis Fischbeck, general manager of the New England Soap Company, the largest of its kind west of Chicago. W. A. Boole, president of W. A. Boole & Son, incorporated, operating the largest shipbuilding and dry-docking plant on Oakland harbor. J. H. Mallett, Jr., formerly of the Pioneer Mantel Manufacturing firm of Bush & Mallett Company; and R. T. Harding, of Harding & Sargent, one of San Francisco's leading law firms.

A stronger body of men of business affairs could not be found anywhere.

TERRIFIC RACE WITH DEATH

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at J. R. Mathews' pharmacy; price 50c.

UKIAH Business College

Great advantages offered to young men and women who wish to educate for business.

Preparatory Education Necessary

An ordinary English education will be all that is required on entering. Students found deficient in any of these branches will receive particular attention in those studies, and may graduate with as high honors by spending a little more time in the institution.

Individual Instruction

Our success in preparing our pupils for good paying positions is due largely to the fact that our scholars receive practical, individual instruction. We not only give a COMMERCIAL COURSE, but also a THOROUGH PRACTICAL BUSINESS TRAINING, that will fit all for good paying positions.

The Business Course Includes

Business mathematics, book-keeping, commercial law, banking, business forms and practice, letter-writing, spelling and good plain spencerian penmanship.

The Shorthand Department

Includes shorthand (Pitman system), typewriting (Smith Premier), spelling and business letter writing. No classes are formed; students may enter at any time. Our success in teaching can be best be known by a personal interview with any of our pupils, whose names will be furnished upon application to the college.

The Butter Law

The following is the butter law, which was signed by Governor Pardee March 20th:

SECTION 1. No person or persons, firms or corporations, by themselves or their agents or employes, shall sell, manufacture or prepare for sale, offer for sale or expose for sale, or have in his or their possession for sale, or consign, ship or present to any dealer, commission merchant, consumer, or other person, any butter in packages containing less than six pounds and more than one-half pound, unless the exact weight of such butter contained in such package or packages, rolls, prints or other form of package, expressed in the number of pounds or ounces or in both pounds and ounces, shall be printed or durably and legibly marked upon the wrapper or other container of such butter in letters or figures, or in both letters and figures, not less than one-fourth inch high and upon the same side or face of such package upon which the producer's or seller's name and address appears, and if such name and address does not appear, the weight alone shall be legibly and durably placed upon such package in letters or figures not less than one-fourth of an inch high.

SEC. 2. Whoever shall violate any of the provisions or sections of this act shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty dollars nor more than one hundred dollars, or by imprisonment in the county jail for not less than ten days nor more than fifty days, or by both such fine and imprisonment at the discretion of the court.

SEC. 3. It shall be the duty of the State dairy bureau, now existing under the laws of this State, to enforce the provisions of this act and to cause the prosecution of any person known to be guilty, or that it has reason to believe to be guilty, of violating any of the provisions of this act. It shall be the duty of the district attorney of such and every county in this State, upon application from the State dairy bureau, to attend to the prosecution in the name of the people of any action brot for the violation of any of the provisions of this act within his district. One-half of all fines collected for the violation of any of the provisions of this act shall be paid to the county in which the fine is imposed. The other one-half shall be paid to the State dairy bureau and by said bureau to the State treasurer and the same shall become a part of the appropriation made by law for the use of the State dairy bureau.

SEC. 4. All acts and parts of acts inconsistent with this act are hereby repealed.

SEC. 5. This act shall take effect sixty days after its passage.

That Road to Lake County

The matter of building a wagon road from Ukiah to Scotts valley, Lake county, by way of Mill creek canyon, has apparently been allowed to drop out of the minds of our business men before anything at all had been accomplished toward getting the road. At least, the fact remains that the road has not yet been built. In the minds of many this is one of the most important improvements that could be made for the benefit of Ukiah, and, it goes without saying, at the same time it would be a benefit to the people of a large part of Lake county. If we recall the matter rightly, a preliminary survey was made, or at least viewers went over the proposed route, and the decision was reached on the Lake county side that the new road would be but little shorter than the road around by Blue Lakes, would be expensive to build, etc., and for those reazons, it is claimed, the matter was dropped.

To a DISPATCH representative, however, it was recently intimated that on the Lake county side the proposition was not managed exactly with the view of favoring the road, and that interests aside from the welfare of the Scotts valley people had much to do with the selection of the route. It was further intimated, somewhat broadly, that a much shorter route could have been selected, and that at the same time the road would be much cheaper to build. If these allegations are true, and to a certain extent we are satisfied they are, a renewal of the agitation would be in order. And once begun it should be continued until it is either amply demonstrated beyond a doubt that it is impracticable to build over the route or until the road is secured.

The road would bring as much or more trade to Ukiah as any of the highways now leading to this city, and the merchants have already slept too long over the opportunity.

AT a recent meeting of joint boards of the California State normal schools, Principal Dailey of the normal institute at San Jose announced that there are 400 young women and 4 young men studying in his school to become teachers. Much was made of disproportion of 100 females to one male and the board entered into a consideration of the question why male teachers are disappearing from the arena. The wonder is not so much why in fact they are disappearing from this field as it is why they should enter it, when it is notoriously the poorest paid of the professions, not alone in California, but elsewhere in the land. Male teachers are paid from $50 to $100 a month for 8 or 9 months of the school year and this after spending years in preparation. California is prodigal compared with other States in appropriations for the maintenance of the public school system, but in the niggardly reward of the teachers is given reason for doubting the high valuation placed on the efforts and the work of the instructors of the youth. The profession that will not yield more than from $50 to $100 per month during three-quarters of the year is not likely to draw an ambitious man to devote his life to it and when age steals upon him to find himself unfitted for almost anything else and with nothing substantial to show for the years that he has spent in it, save a bare existence.

Judging by the number of times the Atlantic Coast has been swept by gales this season it must be reasonably clean.

The School Exhibit

The school exhibit at the Christian church last week as a feature of the teachers' institute was a revelation to many of the parents and others to whom educational matters are of interest. To those who had kept little in touch with the grammar school during the past twenty years it was more, and the progress made in that time was in a way very aptly demonstrated. It shows that at last an effort, feeble tho it may be, is being made to get away from the mere "book learning" that apparently was thot to be the proper thing at one time, and get the more modern methods—to inculcate into the child that he must do something. That the mere knowing is of no value whatever, but to make use of his knowledge, be it little or small, is the great end desired.

The entire south side of the church was given up to work of the Ukiah grammar school, except a small but creditable display of free hand drawing from the Ukiah high school. The little fellows from the first grade had their samples of pasteboard work and weaving. The display was good and shows the youngters begin to learn something from their first entrance into the school.

The sewing exhibit represented work from the second to the fifth grades inclusive, and it was a display that surely would meet with the approval of the most critical. In these times when the average girl gets at home little of the housewife's training that was thot so indispensable in the days of our grandmothers it is becoming necessary for the public schools to supply what is not given at home.

Relief maps from the fourth grade, made of papier mache, illustrate another up-to-date method that gives the pupil a better idea of the topography of the country than could be learned otherwise and at the same time trains him in the use of his hands.

A large section was devoted to samples of the water color designing done by all grades under the direction of Miss Henrietta White and is indeed creditable, and it is to be hoped it is appreciated by the patrons of the school to the extent that it should be. Miss White is making wonderful progress in this line with her pupils and her work is to be commended. Her work is of more importance than the average person imagines, as an artistic taste or talent is of more or less value in the daily life of every person.

The wood work from the recently installed manual training department received praise from all sides and the progress developed along this line in such a short time is a criterion of what may be accomplished when Prof. Flowers gets this department in good running order.

The various exhibits from the schools thruout the county were every whit as creditable as those from the Ukiah school, but necessarily were not as complete. However, some of them possibly had special exhibits that surpassed anything in the big display by the Ukiah schools.

Several special exhibits deserve special mention—for instance, the automobile, a model about a foot long that really would go, made by Walter Moore, of Sawyer district.

Stella district, where all the pupils but one are Finn children, had an interesting display of its work. The majority of the children could not speak a word of English when they started to school, but the progress they make is in some instances truly wonderful. Miss Florence Peirsol is the teacher in that district and she can tell some interesting experiences of her work.

A display from the Fort Bragg school contains a curious specimen of the writing of a little girl, Emilie Mathews, who writes perfectly from right to left. Each letter is perfect and when held before a mirror one can read it readily, of course. This is her natural way of writing and it was only by perseverance on the part of her teachers that she finally learned to write from left to right—and she can only do so now by first starting the hand holding the pencil to the right with her left hand.

There were other features that deserve more extended mention, but space forbids. Suffice to say the exhibit was really the most attractive feature to the outsider and the way the room was thronged with teachers outside of program hours it is surmised they also found it attractive. It is to be hoped it will be a regular attraction at each institute hereafter. Supt. Barbee may well be proud of the work his teachers are doing in this direction—and Mendocino county may well be proud of her pupils. Agent Seaman, who had charge of the American Book Company's exhibit, says he has attended institutes in more than forty counties in the State and that in none did he find an exhibit that equaled Mendocino's, while Supt. Hyatt, of Riverside, says our exhibit will shine in comparison with any he has seen at the other institutes. Praise coming from these men, who know what they are talking about, is praise indeed.

THE MODERN INSTITUTE

BY PROF. W. P. SMITH OF MENDOCINO

The modern teachers' institute has developed into a quite novel form of institutional activity, about the actual value of which there can be no serious question. It has followed, and will continue to follow, the dominant method of all progressive organizations as well as investigation and invention of today. The time when a smattering of all subjects in a single short session can be indulged in, is merely a memory. Today two or three subjects are selected for presentation and it may be for discussion. Teachers concentrate their attention upon these, gain inspiration and practical insight, and are also brot *en rapport* with the best and possibly, tho not necessarily, the latest in educational theory and practice. The resultant sentiment and thot of the individual teacher's unity with the rest of the educational world is a tremendous, but commercially incalculable force for better work in one's particular sphere.

Substitutes of many sorts have been proposed. All have been possessed of excellent qualities in this or that particular, but as a whole each has been hopelessly defective. The good features of the various plans have had no inconsiderable influence on the institute, and have fulfilled their proper destiny in contributing to the growth and vigor a new form of the institute.

There is, however, another phase of institute development, which is certain to receive more attention in the very near future. So far comparatively little provision has been made for departmental work for secondary teachers. The necessity of this is apparent and needs no further comment. It is not meant that the sessions as now conducted have no value for secondary teachers. In fact the contrary proposition is true. A vast deal of the work is of great value to them in point of suggestiveness and inspiration at all events. Then, too, there is work for secondary teachers to do, if the public schools of the county and the State are to become a system in fact as well as in name. Who does not perceive the growing demand for a closer relation of grammar and secondary schools? And who but will recognize at once the corresponding unity of interest of grammar and secondary teachers?

This will probably bring about a twofold result in the character of the institute. On the one hand departmental work for secondary teachers, and on the other an expansion of the sphere of the institute, in its general sessions, so as to comprehend and bring to a focus in systematic fashion the prominent educational interests and ideas of all workers in the public schools.

Why should not Mendocino county be one of the pioneers in exploring and developing this new territory, enriching the educational world and increasing the practical efficiency of all workers in Mendocino county schools?

JUGGLING WITH DYNAMITE

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by E. B. Gibson.

Congressman McKinlay

Congressman Duncan E. McKinlay passed thru Ukiah Saturday on his return from his trip to Round valley. Mr. McKinlay states that he thinks he now fully understands the needs and desires of the people of that section and that he will use his utmost endeavor to fulfill them.

WARNING

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. If you have kidney or bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by E. B. Gibson.
